**NEXT MEETING                      August 14, 2006**

The next meeting we will be just a few days before the Youth Sportsfest Camp. Last minute volunteers are welcome.

The following month will be the 8<sup>th</sup> Annual Fun Shoot. We will need a preliminary line up of volunteers for this event. Usually it is possible to both help out and shoot. It depends on the turnout.

Vern is still looking for help on the Banquet Committee. He wants a Chair.

We may have a line on some sand for the bullet traps at the next meeting.

## **TRAP SHOOTING**

After a short Internet course on spring making 101, we got some good springs in the trap machine. This means you can come out and shoot trap without having to volunteer to be a trap boy. The trap machine should be all set for another year.

For backup, Jack Corbett says there is an aftermarket turret that can be installed on our old Winchester machines. He thought the rig was relatively inexpensive. He is checking into it.

## **CLUB BANQUET – October 21**

The Club's Banquet committee is still looking for a chairman. I assume since there is not a big line of folks looking to volunteer, we all think Dan and Vern are doing an excellent job.

## **HUNTER SAFETY**

It was a really light turnout for Hunter safety class. We only had five students. Dan seems to think that nobody wants to spend four days in class. As more folks discover the Internet class, I suspect that our Hunter Safety offerings will be reduced to testing sessions. Maybe this is OK, but my initial reaction is that we shouldn't be messing with a very successful program.

## **CLUB PICNIC**

The Club's annual picnic had the usual turnout. Which means there will be leftovers for the volunteers at the Youth Sportsfest Camp.

The Honorable Tonya Schuitmaker attended this years picnic. Fresh from an amazing string of legislative victories, I hope somebody remembered to thank her. Tonya is definitely a keeper.

Picnickers patiently waiting.

### **THREE GUN SHOOT**

I think we can only stretch Dan so thin. The Three Gun Shoot will have to wait until next year. With a new job, and no relief from other tasks, Dan is finding that some things just can't happen.

### **MUCC DUES**

Dick Kriner would like to remind everyone that joining MUCC through the Club is a large savings.

Normal MUCC dues for folks who do not belong to a club total \$25. If you join through the Club they are \$18. This makes sense when you consider that MUCC (Michigan United Conservation Clubs) was originally set up as an organization of clubs. The other thing you may wish to note is that folks joining later in the year get their dues prorated. Dick should have the information on that.

### **TREES**

It seems we are unable to find anyone interested in our timber. Apparently, they do not want to stage the logs twice before shipping them. However, the club needs the parking lot, so perhaps we won't get a good price for timber this time.

### **FIRST DOVES THEN DOES**

Dick Kriner reports from MUCC that the anti-dove hunting crowd plans to attack bow hunting next. Assuming they are successful with the doves. The bottom line is that once they get one type of hunting stopped they will continue on to another.

Personally I can't imagine dove hunting in Michigan. When I lived in Virginia, large flocks of doves would come down the flyway. The shooting was fast and furious. Here I rarely see more than three doves at a time. I think you really have to work hard for a little bit of meat.

But the important thing is not to step on somebody else's hobby. That is how the anti-hunting crowd divides and conquers.

MUCC has created the Camo Coalition for political activism. You might want to check them out. They are supposed to have a list of organizations to beware of.

### **DIRT**

Nothing is happening with moving dirt yet. It appears the DEQ is avoiding us. Well maybe it is just Larry Pointer. But so far we have not been able to corner these people. I suspect that they are anticipating what we will ask. And since it is not their solution, they are stonewalling.

### **RANGE WORK**

President Vern says he is still working on some sand for the bullet traps in the range. We want to repair the wood at the base and paint the kitchen at the same time. But for now, we need sand.

### **NEW WEB SITE**

We just set up a paid web site. By the time you read this, you should be able to go to [www.shrgc.org](http://www.shrgc.org). And see the web pages without advertising.
