## *Newsletter May 2008*

By: Dave Wiatrowski, [bigboredave@yahoo.com](mailto:bigboredave@yahoo.com) News and event information welcomed.

**N**ewsletter changes, it was voted on at the last meeting to mail the Club Newsletter quarterly and post it monthly on the website with copies being available at the club for pickup. This is an ongoing trial to cut some costs at the club and still service the membership, let us know your thoughts.

**A**ction Pistol continues on Wednesday night's starting at 6:30 p.m., we had a Stubbie night last month (hold the comments!) that was quite interesting and fun. Some of the fellows have asked if we can shoot some reactive inside, hell yes we can! If there is anything else you folks would like let us know. We will be going outside most likely by months end for more IDPA scenarios, Steel re-actives, Bowling Pins and of course the frustrating balloon shoot. Come out and give it a try, the guys have fun and are not serious, they even put up with me.

**S**unday Clays have started this season, so come out and shoot a few rounds of trap or sporting clays. The crew is there and started by 10:00a.m. and it is generally up to the shooters which type of clays or both they would care to shoot.

**R**ifle Matches are being held on the 4<sup>th</sup> Sunday of the month at 12:00 Noon on the Lower Rifle Range, this months match will be on the 25<sup>th</sup>. Dust off that military style rifle for Scott's own little Rattle Battle.

**C**CW classes has been scheduled for May 24<sup>th</sup> and 25<sup>th</sup> according to Dan Hosier, he can be contacted at the club or by email [hozy59@comcast.net](mailto:hozy59@comcast.net).

**W**ild Game Dinner/Fish Fry had a nice turn out with no one going away hungry. There was quite an assortment of game dishes, plenty of fish and desserts to die for. For those of you who did not attend you missed a delicious evening. A big thank you to Jim Emenhiser, Laverne Hosier, Dave Obrecht and Dan Hosier for all the help and making the evening possible.

**T**here has been discussion and a list of priorities developed for the Club Building repairs that need to be made starting with the roof eaves, window replacement, furnace and storage. If you think you can assist with any of these in anyway please the board know.

**C**raig Lewis has procured a number of steel frames to be used by the club, I know Craig has a idea for some and there are other thoughts floating around, pin tables, etc. If you can help make the thoughts a reality please let the board know. And by the way thanks for thinking of the club with these and the vending machine which is being cleaned and readied for use.

**C**lub nights are the 4<sup>th</sup> Thursday and 2<sup>nd</sup> Friday of the month, for those who are interested in a little cards and conversation. Bring your beverage and snacks and of course clean the change off your dresser. It's a fun night.

**N**ext Membership Meeting will be May 12<sup>th</sup> at 7:00p.m.

*"As to the species of exercise, I advise the gun. While this gives [only] moderate exercise to the body, it gives boldness, enterprise, and independence to the mind. Games played with the ball and others of that nature, are too violent for the body and stamp no character on the mind. Let your gun, therefore, be the constant companion to your walks." -- Thomas Jefferson, writing to his teenaged nephew.*
