Newsletter August 2008

By: Dave Wiatrowski, higboredave@yahoo.com News and event information welcomed.

Last month's meeting was lightly attended so the By-Law discussion was tabled until August and the members present reviewed the roof situation to form a revised plan of repair.

Help is needed for set up

CPL class will be held August 9th and 10th, contact Dan Hosier

Action Pistol continues on Wednesday night's starting at 6:30 p.m. The fellows have been shooting reactive targets with some friendly competition and elimination rounds. Come on out and see what's up. All calibers welcome, just remember no hollow point ammo on the synthetic rubber reactive targets.

Sunday Clays have started this season, so come out and shoot a few rounds of trap or sporting clays. The crew is there and started by 10:00a.m., and it is generally up to the shooters which type of clays or both they would care to shoot.

Rifle Matches are being held on the 4th Sunday of the month at 12:00 Noon on the Lower Rifle Range. Dust off that military style rifle for Scott's own little Rattle Battle, come join in the fun.

A nation can survive its fools, and even the ambitious. But it cannot survive treason from within. An enemy at the gates is less formidable, for he is known and carries his banner openly. But the traitor moves amongst those within the gate freely, his sly whispers rustling through all the alleys, heard in the very halls of government itself. For the traitor appears not a traitor; he speaks in accents familiar to his victims, and he wears their face and their arguments, he appeals to the baseness that lies deep in the hearts of all men. He rots the soul of a nation, he works secretly and unknown in the night to undermine the pillars of the city, he infects the body politic so that it can no longer resist. A murderer is less to fear." --

Marcus Tullius Cicero (42 B.C.)
